C P 6—60,000—7-11-13

Letter No. 1350 L.Mis, dated the 19th August 1913, from the Secretary to the Government of Madras, Local and Municipal Department to the Hon'ble the Resident in Mysore.

Referring to the correspondence ending with your letter No. 3004, dated 22nd May 1912, I am directed to forward a copy of a letter from the President, District Board, Bellary, C.R. No. 542, dated 6th August 1913, and to request you to be good enough to place it before the Mysore Durbar and to ascertain whether the -- Darbar will agree to lay out an ordinary gravelled road or a fair weather road between Hanagal and Uluvasankanahalli. This would cost much less than a substantially built road and would do something to mitigate the great administrative inconvenience which is caused to the district of Bellary by the absence of this connecting link from the communication between the Kudligi and Rayadrug taluks.

Mysore Resident's Office,
Bangalore, the 26th August 1913.

No. 5742-1

A copy of the foregoing letter, with enclosure, is forwarded herewith to the Government of His Highness the Maharaja of Mysore, with reference to the correspondence ending with Mr. Balasundaram Iyer's letter No. 962 Pol., dated the 15th May 1912, with the request that the Resident may be favoured with the views of the -- Durbar in the matter.

First Assistant Resident.

Copy of letter from the President, District Board,Bellary,C.R. No.542 dated 6th August 1913.

With reference to Government Order No.820 L.Mis.,dated 1st June 1912, I have the honour to address Government again on the subject of connecting, by a through-road, the Rayadrug and Kudligi taluks of this district which have been formed into a separate revenue division under Sir William Meyer's scheme. The necessity for this road has been fully explained in this office Dis.No.961 dated 18th November 1911.

2. The route between Rayadrug and Kudligi may conveniently be divided into 5 sections as shown in the accompanying sketch.

1. Rayadrug to Mysore frontier	4 miles
2. Mysore frontier to Hanagal	7 miles
3. Hanagal to Uluvasankanahalli	6 miles
4. Ulavasankanahalli to Gudikota	5 miles
5. Gudikota to Kudligi	18 miles.
	40 miles.

No.1 is a maintained road of the District Board; No.2 is maintained by the Mysore Durbar and it was recently repaired by them- vide Government Order No.1295 L.Mis.,dated 15th September 1912. No.3 is about 6 miles. There is no road here. No.4 is a famine road and it has been brought under maintenance since the beginning of this year and a sum of Rs.2,000 has been sanctioned for bringing it into proper condition. No.5 is a maintained road of the District Board.

3. Of the whole distance of 40 miles, it will be seen there is no road for No.3 (viz) the portion between Hanagal and Ulavasankanahalli. In his letter No.3004, dated 22nd May 1912, communicated with Government Order No.820 L.Mis., dated 1st June 1912, the Hon'ble the Resident in Mysore stated that the Chitaldrug District Board was not prepared to undertake the work of laying out the road on account of its slender finances, as the cost of making the road would be about Rs.25000/-.

Quilotta to Uzalli	12 miles.
Uzalli to Quilotta	3 miles
Uzalli to Ulavae Kambalii	6 miles
Kambalii Pronto to Kambalii	7 miles
Kambalii to Ypsora Frontier	4 miles

The route between Kambalii and Uzalli may conveniently be divided into sections as shown in the accompanying tables.

It is for the Government Engineer, Uzalli Division under whose supervision this district which have been formed into a separate revenue division under Mr Ellis, Ypsora Road. The only road connecting by a through-road, the Kambalii and Uzalli districts with the capital is by sea.

It is for the Government Engineer, Uzalli Division under whose supervision this district which have been formed into a separate revenue division under Mr Ellis, Ypsora Road. The only road connecting by a through-road, the Kambalii and Uzalli districts with the capital is by sea.

4. I have the honour to point out that, owing to the absence of a road for this small link of 6 miles, the route between Rayadrug and Kudligi cannot be used at all by the officers going from one taluk to another. The Divisional Officer, Rayadrug, is most awkwardly cut off from half his division. As a matter of fact he goes to Kudligi by train via Bellary, Hospet and Kottur which takes 36 to 40 hours against a journey of about 15 hours by a direct road. This is very inconvenient considering that only six miles of the road need to be made.

5. The connecting of the two roads will also serve the Durbar as it will be useful to them to reach the Bommaghatta block of the Mysore territory which lies in the Kudligi taluk.

6. I would therefore request that the Government may be pleased to move the Mysore Darbar again with a view to laying out an ordinary gravelled road or a fair weather road without much expense.
